MAYANK PUGALIA

Data Analyst | Anaplan Consultant | Business Intelligence

Jaipur, India | +91 96100 86609 | mayankpugalia06@gmail.com | linkedin.com/in/mayankpugalia05 | github.com/maayank05

SUMMARY

Analytics professional with 20 months of Anaplan consulting across FP&A and incentive compensation. Builds planning models, SQL and Python analytics, and Power BI reporting, and works directly with finance stakeholders from requirements through UAT.

PROFESSIONAL EXPERIENCE

GenXAI Analytics – Associate Consultant — Jaipur | Jan 2025 – Sep 2026

Incentive Compensation Management, pharmaceutical client (Kennect, SQL, JavaScript) — Jan 2026 – Sep 2026

- Configured Kennect data pipelines that turn transactional sales data into incentive calculations across multiple sales hierarchies.
- Wrote JavaScript business rules, workflows and validation logic; built SQL logic for target allocation, achievement slabs and payout structures.
- Supported a parallel Anaplan workstream resolving duplicate records, inconsistent hierarchy mappings and validation failures.

Enterprise FP&A Planning, global publishing client (Anaplan) — May 2025 – Jan 2026

- Built Anaplan modules for budgeting, forecasting, revenue, OPEX and P&L across 20+ business units and 35+ cost centres, serving 50+ finance stakeholders.
- Developed 50+ line-item calculations including driver-based allocations, moving averages, YoY variance and time-based forecasting; worked with SAP actuals.
- Applied Dynamic Cell Access, ALM revision management and PLANS standards; took part in UAT cycles, model validation and release support.

FP&A Solution Design, internal initiative — Oct 2025 – Jan 2026

- Worked with solution architects on schema design, planning hierarchies and RACI matrices; co-authored functional specifications.

S&OP, consumer goods client; Anaplan foundation training — Jan 2025 – May 2025

- Completed Anaplan Model Builder L1–L3 and The Anaplan Way; supported a consensus-planning build for five weeks, automating product-hierarchy maintenance.

Celebal Technologies – Cloud Intern — Jaipur | May 2024 – Jul 2024

- Supported Azure data infrastructure and governance: data security configuration, vulnerability assessments and audit-ready documentation.

TensaX Innovation Lab – Machine Learning Intern — Jaipur | Jul 2023 – Sep 2023

- Built Elasticsearch, Logstash and Kibana pipelines extracting 10K+ profiles and merged datasets into analytics-ready formats; helped build a GPT-based outreach message generator.

PROJECTS

MERIDIAN – Business & Decision Intelligence Platform (personal) | github.com/maayank05/meridian — 2026

- End-to-end analytics on the public Olist e-commerce dataset (~100k orders): Python ingestion, MySQL 8 model with KPI views, FastAPI, React dashboard and HTML executive report.
- Defined requirements, KPI dictionary, data rules and phase acceptance; built with Claude Code under a test-gated process. 112 backend tests, 7 end-to-end tests, 8 KPIs reconciled between SQL and Python; CI on GitHub Actions.

CRM Arena (live as INVi) – Billing, stock & analytics for small shops (personal) | crm-stack-arena.vercel.app — 2026

- Live product for small shops: orders, invoices with snapshots, part payments, returns and refunds with idempotent processing, stock with low-stock alerts, expenses and staff attendance.
- Analytics for shopkeepers: daily sales, collections, MoM/YoY growth, customer retention and outstanding dues by age; WhatsApp payment reminders.

SKILLS

Enterprise planning: Anaplan (Model Building, Polaris, ALM, DCA, PLANS), FP&A, budgeting, forecasting, scenario planning, variance analysis

Analytics & BI: SQL, Python, Pandas, Power BI, DAX, Power Query, Advanced Excel, data modelling

Engineering: MySQL, FastAPI, React, JavaScript (business rules), Git, GitHub Actions, Pytest, Ruff

Delivery: requirements gathering, UAT, documentation, stakeholder coordination, incentive compensation (Kennect)

CERTIFICATIONS & RECOGNITION

Anaplan Certified Model Builder L1, L2, L3; Anaplan Polaris; Anaplan ALM Implementation; Anaplan Workflow; The Anaplan Way; SQL (HackerRank); Advanced Excel (Udemy)

GenXAI Analytics: Rising Star (Q1 FY25–26), Aspiring Achiever (Q2 FY25–26), Rising Star (Q1 FY26–27)

EDUCATION

Swami Keshvanand Institute of Technology, Management & Gramothan – B.Tech, Computer Science — Jaipur | 2021 – 2025

Engineering (Artificial Intelligence); GPA 7.6
